Gamco Corporation Ranked Again Amongst Top Architectural Metal Companies in North America

-Queens, NY Specialty Manufacturer Included in Glass Magazine's 2016 Annual List-

FLUSHING, NY, February 6, 2017 – Gamco Corporation, a leading regional manufacturer of specialty fenestration products and architectural metals, has received notable industry recognition for the fourth year in a row. National trade periodical Glass Magazine has included Gamco in its 2016 list of Top Metal Companies of North America, published in its November 2016 edition. Inclusion in the list is determined by a company's annual revenues. Along with Gamco Corporation, 40 other firms are ranked on this year's list, including industry giants C.R. Laurence/U.S. Aluminum, YKK, Kawneer, and Wausau.

Last year Gamco Corporation continued to add notable projects to its portfolio of work in the New York metropolitan area. In 2016, among many other projects Gamco supplied curtainwall, windows, and entranceways for the new Renaissance Tower medical office building in Queens; architectural metal fascia cladding and entranceways for a new luxury condo high-rise in trendy Long Island City; and a custom stainless steel counter for a Manhattan bistro at Gotham West Market.

Also in 2016, Gamco expanded its production capabilities with a new state-of-the-art CNC Machining Center utilizing CAD drawings directly from Gamco's design and engineering team to machine linear aluminum components. Additional new equipment is planned for the future.

In addition to curtain wall, storefront and entranceway systems, and commercial windows, Gamco offers custom structural skylights, folding window/wall systems, railings, sun-control products, architectural metals and its newest product, frameless shower enclosures and sliding shower doors. Gamco is the architectural metal and fenestration supplier for a number of award-winning and notable projects including Terminal B at Newark Liberty International Airport, The Barclays Center, and many nationally known franchises and retail stores.

###

Gamco Corporation manufactures a wide variety of custom quality fenestration systems and architectural metal appointments for commercial, institutional and residential properties. Founded in 1986, the company has established a reputation for excellence in quality, customer service, design and manufacturing. Based in New York City, the company serves glaziers, architects, construction professionals and property owners throughout the metropolitan area, Northeast and Mid-Atlantic states. Gamco is a NY State certified Minority Business Enterprise (MBE). For more information, contact Gamco at 718-359-8833 or visit www.gamcocorp.com.

Gamco Corporation was ranked on the Glass Magazine 2016 list of Top Metal Companies in North America.
